Tech to School Audit Process and Transfer of Ownership

Equipment Condition

The buyback quote amount is determined by equipment condition (i.e. Grade A - D), equipment quantity and configuration matching quoted models, included accessories (Apple power adapters, keyboards, etc.) and timeframe of shipment. Deductions will be made for permanent asset tags and for firmware passwords not removed. The quote amount may be modified if any of the above do not match the quote. All devices must be removed from iCloud accounts and/or disowned from the Device Enrollment Program prior to shipping. Deductions may apply to locked devices.

Tech to School does not have the ability to deactivate accounts on Apple devices.

Data Destruction

All data is removed from equipment received by Tech to School. Proof of data destruction available upon request.

Payment

Full payment will be sent via check within 60 days of receipt of equipment unless otherwise specified.

Title and Finality

This document represents Transfer of Ownership of the devices (listed by serial number) associated with the attached Audit Report. The sale is final and title to the listed devices has transferred to Tech to School upon equipment pickup. Tech to School may immediately resell equipment following pickup. If parties later disagree on equipment grade pricing adjustments after audit, such disagreements shall be resolved through arbitration to be conducted before JAMS. In no event will equipment be returned following pickup.
