Afternoon Bonny,

Yes, that will be acceptable. Prefer the SSD, but they will be student lab computers. Should be fine.
Thanks!

Hi Dorian,

Greetings! We received the 10 iMacs MK442LL/A, but with 8GB/1TB, instead of 8GB/256GB SSD. Is this spec acceptable to fulfill your order? Please advise. Thank you!

I look forward to your response. Should you need anything else or have any questions, I can be reached on my direct line below or by email.
