

Device buyback quote prepared for:

School District of Holmen

Company Profile

Tech to School was founded in Silicon Valley in 2003. We are a full-service asset disposition corporation with headquarters and refurbishment facility in San Jose, California.

Our primary client relationships are in the K-12 education marketplace. We've processed hundreds of thousands of devices for districts and schools of all sizes throughout all 50 states. For 15 years, we have a perfect record of completing buybacks and meeting financial obligations to our customers, partners, and vendors.

We pride ourselves on service transparency and the ability to custom-fit the asset disposition process to the unique needs of our customers. It's our goal to provide fair and accurate analysis of value and condition of equipment purchased. We strive to have satisfied, referenceable clients.

Our facility is located at:
1530 Montague Expressway
San Jose, California 95131

Our Federal Tax Identification number is 77-0620374.

The following persons will serve as the contacts to the District, with authorization to make representations on behalf of and to bind firm:

Tech to School is in good standing with the State of California and will have all necessary licenses, permits, certifications, approvals and authorizations necessary in order to perform all obligations in connection with this proposal.

Ease of Transition

At Your Site

Tech to School is a full-service asset disposition company. We will provide a “white glove” engagement which includes all packaging materials, personnel for on-site packing, palletizing, conveyance to the carrier, and freight shipment at no cost to the District.

At Our Facility

Upon arrival at our facility, Tech to School will provide a receiving report to allow for confirmation that all devices were received. All equipment received by our facility undergoes a complete erasure of storage devices. Following a comprehensive audit, Tech to School will provide an audit report.

Typical Timeline

Delivery of packing materials, packing, and freight removal can be completed within 14 days of equipment availability. Completion of audit will be within 60 days of arrival.

Environmental Responsibility

No electronic equipment procured by Tech To School will be disposed of in any landfill. Any equipment deemed unfit or unsafe for resale will be properly disposed of through a process compliant with EPA standards. All recycled equipment will be mechanically disassembled into its base components (plastics, metals, wire, PCB, paper, etc.), hard drives shredded, and guaranteed an environmentally safe and secure disposition.

Data Sanitization

Tech to School will immediately destroy data on devices received using an 8-way random rewrite method compliant with US DoD standards (DoD 5200.28-M Standards.)

Terms and Conditions

Equipment Condition

The buyback quote amount is determined by equipment quantity and configuration matching quoted models, included accessories (power adapters, keyboards, etc.,) and timeframe of shipment. The quote amount may be modified if any of the above do not match the quote. Deductions will be made for permanent asset tags or markings, firmware passwords, and management services not deactivated. All devices must be removed from iCloud, Apple School Manager, and/or Chromebook management prior to shipping. Locked devices are graded F regardless of condition and have no value. Tech to School does not have the ability to deactivate management accounts and reserves the right to request unlock facilitation from the seller post-sale.

Packing and Shipping

Tech to School will provide an on-site engagement with personnel to prepare items for shipment, provide all shipping materials, and facilitate freight shipment.

Data Destruction

All data is removed from equipment received by Tech to School. Proof of data destruction available upon request.

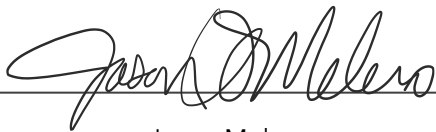

Proceeds

Payment will be made before or at time of pickup.

Title and Finality

The sale is final, and title to equipment transfers to Tech to School upon equipment pickup. Tech to School may immediately resell equipment following pickup. If parties later disagree on equipment grade pricing adjustments after audit, such disagreements shall be resolved through arbitration to be conducted before JAMS. In no event will equipment be returned following pickup.

Unlock More Value by Trading-In Your Devices

Tech to School is your end to end partner when it comes time to dispose of your devices. We help schools unlock the most value out of their devices by having a thorough and transparent process. Your devices are audited, wiped and either put back into the hands of students or recycled responsibly.

How the Trade-In Process Works

Accurate Quotes

Providing an accurate and easy to understand quote is the first step in the Trade-In process.

Our quotes are designed around the needs of your school or district.

We offer fixed bids, graded audits, pay on pickup, etc.

White Glove Pickup

We take care of the logistics of packing, pickup, and shipping of devices.

All shipments to our facility are insured.

Upon arrival, data on the devices is destroyed and you're provided with a detailed audit report.

Transparency Throughout

We've found the greatest way to build trust with our customers is to be transparent with our process.

Expect fast and accurate payment. Our goal is to make sure you're happy with the result of your trade-in.

- Decrease total cost of ownership
- Increase return on initial investment

- Highest prices paid for devices
- Devices stay in K-12 to further student learning

“The process of selling our Apple equipment was simple and straightforward. Having a single vendor to work with for the process saved us time and made us more money.”
