

Turn any screen into
visual communication.

BEYOND DIGITAL SIGNAGE

- TSN currently operates on **Newline, Philips, ViewSonic, LG** displays, or get the app in the Google Play Store or on any EDLA panel. This gives you access to TSN directly on these displays *without* the need to buy additional hardware. *TSN media players are available to use with existing screens.*
- Use the TSN Canva Integration to share Canva content directly to your TSN platform. Or, keep everyone up-to-date and in-the-know by seamlessly sharing Google Slides and a Google Calendar.
- Access TSN's ever-expanding content libraries, full of pre-vetted, ready-to-share content. Or, use the built-in Creative Editor to get a message out quickly without ever leaving the platform. Schedule your content to display on screens at specific dates and times. Empower users to manage content on their own screens or campus-wide with customizable user settings.
- Engage students with TSN's Student Projects module, ideal for visual communication assignments or student club activities.

SHARE CONTENT

EMERGENCY ALERTS

Built-in, *customizable* alerts

Keep students and staff safe with safety messaging & one-click emergency alerts. Emergency alerts take over any screen in your TSN network, **including touch panels.**

Integrate with your existing security provider

TSN is integrated with Raptor, InformaCast by Singlewire, Centegix, Alertus, CrisisGo, and more. Connect your account and instantly deliver alerts to every screen in just one click.

**CAMPUS
LOCKDOWN**

LIVE STREAMING

Live stream using any link from Twitch, Youtube Live, or Facebook Live.

TSN STREAM

Broadcast effortlessly straight from your TSN platform (announcements, etc.).

FREE, UNLIMITED TRAINING

TSN offers free, unlimited training to all customers, anytime you need. Explore how to navigate the TSN platform with an introduction, brush up on your knowledge after some time away, or seek assistance with something specific. We're always here to help.

Our U.S. based support team is here for you. Contact support at 800.660.5572 or email support@tsnvcs.com.
