| Hi Darol,

Good afternoon & Happy Friday! Thank you for providing this PO. Not a problem to receive it now, I will note not to ship, as per the PO until after July 1, 2021. Once we ship, you have NET 30 days to pay in full.

Question, since the school year is wrapping up and we won't be shipping until the beginning of July, should we still send to the high school, or is there an alternative address to use? I look forward to your response.

Also, we need your assistance to kindly provide updated Accounts Payable information for your school. Please click on this link, <http://www.techtoschool.com/accountsetup.html> and complete and submit the short Accounts Payable Form with the contact information for whomever at the district receives Invoices and handles remittance of payments for PO's.

Thank you for your assistance with this request so we can ship to meet your timelines, and you'll then receive an email from notifications@zohocrm.com with the UPS tracking # when the order is headed your way.

I appreciate the opportunity to continue to collaborate with you and support your technology needs. If you have any questions or requests, I'm here for you and can be reached by phone or email. Have a good weekend

Thank you, Kym. Is it too early for this PO or should we wait till we get close to July since we don't distribute payment until mid-July?

Hi Darol,

Good afternoon! Thank you for getting back to me. As requested, you will find attached the quote for: 1-10 pack(1st) MacBook Air-MQD32LL/A w/1yr warranty. I appreciate you advising that your timelines are for mid-July to make this purchase.

To answer your question regarding how old can the equipment be that we would purchase, we will purchase iPad 2's on up, keeping in mind the older the iPad, along with condition of the device and if accessories are missing affects the value.

Once you have determined what you plan to sell, quantities, timelines, etc...let me know and I can engage my colleague to assist you with those next steps. I look forward to your response.

Thank you, I value the opportunity to continue to collaborate with you. If you have any questions or requests, I'm here for you and can be reached by phone or email. Have a good day.

Hello Kym,

For now, we'll be going with the MacBooks again. Obviously a longer and more involved discussion in regards to Chromebooks :-). We would be interested in the 1-10 pack(1st) MacBook Air-13" MQD32LL/A 8GB/128SSD w/1 yr warranty. As always, Our new billing cycle begins in mid-July but please pencil us in for a 10 pack.

In regards to purchasing old equipment, a couple of questions for you. What are the oldest iPads you will accept for purchase and in what condition? In regards to MacBooks, what's the oldest you will accept and in condition? We have about 20 iPads. I think it's a mix of 3s, 4s, and Airs. Just trying to figure out what needs to be recycled and what needs to be sold.

Thanks, Kym and thanks again for the great quote!
